Diversity and Inclusion Statement

Great Lakes Chamber Orchestra is committed to creating an environment that values and promotes equality, inclusion, and respect. Our diversity initiatives and strategies are designed to attract, develop, and advance the most talented individuals regardless of their race, sexual orientation, religion, age, gender, disability, marital status, economic background or any other dimension of diversity.

We believe that our differences make us unique and we each have a personal accountability for success in this area.

Our diverse and inclusive programming reflects these values and contributes to our mission of inspiring, educating and entertaining through live orchestral performances and programs.

We provide our musicians and staff with training and tools to help increase their awareness and understanding of differences and why they matter, so their actions can contribute to our inclusive and high-performing workplace culture.
